BEST

SmartStart 1.5 for BlackBerry, all the cool stuff you liked about SmartStart on the iPhone is now available on the BlackBerry! It's the next generation of award-winning SmartStart technology, including 2-way command confirmations and push notification of alarm events. SmartStart 1.5 covers the majority of all BlackBerry smartphones. Features include:

- Push Notification of Alarm Events: It's like an alarm pager on your smartphone – with virtually unlimited range!
- 2-Way Command Confirmation: Users receive confirmation when commands are received at the vehicle and will be notified if their command was not received.
- Vehicle Picture Customization: Now you can upload a photo or image file for each vehicle you control with SmartStart.
- Vehicle Name Customization: You can personalize each vehicle by assigning a unique name for it in the app.
- Passcode Protection: Users can lock the app by selecting a 4-digit PIN for a higher level of security.
- SmartStart Account Utilities: Allows users to change their SmartStart account password, or generate a new one if they forget the existing password.
